Kepner Tregoe

PROBLEM ANALYSIS VIRTUAL REFRESHER

www.kepner-tregoe.com

Forget how to fill out the perfect Problem Spec? Wish you remembered the difference between Distinctions and Changes? Would you like access to the latest KT learning tools? Maybe your Kepner-Tregoe Problem Analysis skills need some fine-tuning. This fast-paced, three-hour virtual training provides a quick way to refresh what you learned in KT's Problem Solving & Decision Making workshop.

💎 Key Benefits

Reintroduce yourself to key KT Problem Analysis concepts to apply root cause and troubleshooting to problems of all sizes.

Learn from wherever you are in our virtual group environment led by a live Kepner-Tregoe instructor.

Put into practice your problem analysis skills with a practice case and dynamic group interaction.

📖 You will learn to...

Refresh your root cause and troubleshooting skills.

Practice Problem Analysis with a video-based case to demonstrate rapid use.

Audience: Anyone who has previously attended a KT workshop that included KT Problem Analysis (e.g. Problem Solving and Decision Making, Problem Management, Analytic Troubleshooting, etc.) As this workshop is fast-paced, some use of Problem Analysis in the recent past will be very helpful.
